## Assemblywoman Noreen Evans Announces Her Candidacy for State Senate District 2

### *Evans Earns Immediate Endorsement from Prominent Democratic Leaders*

**SANTA ROSA**—State Assemblymember Noreen Evans announced today her 2010 candidacy for the open state Senate seat to represent District 2 in Northern California, and immediately earned endorsements from some of California's top Democratic leaders.

Reps. Mike Thompson and Lynn Woolsey, both of whose Congressional Districts cover all or parts of Senate District 2, state Senate President Darrell Steinberg, state Senator Wiggins and Assembly Speaker Karen Bass all announced their support for Evans, saying she is the strongest leader and best qualified to serve District 2 and California.

“Assemblymember Evans is just the kind of experienced, hard-working problem solver that California needs right now as we work to create jobs, fix our state budget problems and revive our state economy,” Steinberg said. “Assemblymember Evans is the best choice for District 2.”

“First, I want to thank Sen. Wiggins, Pat, for her many years of excellent and dedicated public service to her constituents, her District and to California,” Evans said. “Pat has been a friend, a leader and a colleague for many years and I know I have my work cut out for me to fill her shoes.”

Assemblymember Evans currently is serving her third term representing Assembly District 7, which includes all of Napa County and parts of Sonoma and Solano counties. Evans is chair of the Assembly Budget Committee and the Assembly Select Committee on Wine and is also a member of the Committees on Banking and Finance, Governmental Organization, and Judiciary. She also serves on the Joint Legislative Audit Committee. Evans is seeking the Democratic nomination for state Senate, the primary for which will be held in June 2010. Evans currently serves as chair of the Assembly Budget Committee.
